Thanks, I also emailed Miguel so ill wait.
What I was told by Aqua is IEPA said you and Miguel were handling it . I said I would reach out .
I can help fill in gaps and let you know what is going on now.

Trying to fill in major missing information gaps, is more like it. Not sure exactly what the state or high management in Region 5 wants us to do. I think Miguel is going to call you to find out when and where you started working on this, since clearly we don't want to go down a time sink rabbit hole and work in conflict with something already going on....
